## **Planning and Development**

**Development Review** 

## Mission

To provide review services for land development and subdivision of land, as well as inspection services for those projects, for all land within county jurisdiction, to development applicants, so that they can accomplish physical land development within budget and on time, while meeting community standards and County requirements.

## **Business Strategy**

Development Review is responsible for enforcing the County Land Development Code and related ordinances through a managed review process. The process assures compliance with regulations so those projects can be approved for construction permitting. The Division's Construction Inspection Team assures that projects are constructed in compliance with the approved plans. The main activities of this Division are primarily supported by the user application and permit fees for activities directly related to the developments.

## **Objectives**

Inspect and control the construction of permitted site plan, subdivision, and right of way use projects. Monitor and review land development proposals and impact construction activities, to ensure compliance with County's Land Development Code, with regard to design standards, and to assure the proper construction of all development infrastructure.

Continue with restructuring of the Division and its processes to ensure the most efficient operation possible.

Identify and eliminate delay points in the review processes, and establish of an Express Review Team to handle projects in the final review stages.

Performance Measures	FY 00/01 Actual	FY 01/02 Estimated	FY 02/03 Goal
New projects submitted	260	283	250
Development Review Committee meetings	132	161	130
Preliminary application meetings	171	224	170
Concurrency review applications	290	251	250
New site plan projects under submission/inspection	108/86	138/85	100/86
New subdivision projects under submission/inspection	40/20	67/34	30/20
New rights-of-way use permits under submission/inspection	30/30	26/21	45/30
Building permits reviewed	844	1040	800
Workload: Dollar value of construction projects inspected per quarter	\$7M	\$7.6M	\$7.2M
